

LOUDOUN COUNTY DRINKING WATER CLINIC

APRIL 9, 2018 (KICK-OFF)

6:00 p.m.

APRIL 11, 2018 (DROP-OFF EXTENSION OFFICE)

7:00 - 10:00 a.m.

Do you have a well, spring or cistern?

Learn about your water quality through affordable, confidential testing and become empowered to make decisions about system maintenance and water treatment!

How this program works:

1. At a brief informational meeting, pick up a sample kit and get instructions to collect your household water sample. You must send **pre-payment to receive kit.**
2. Collect a sample from your tap at home and complete a short questionnaire.
3. Drop off sample at the VCE Loudoun Office, 750 Miller Drive SE, Suite F-3, Leesburg.
4. About 4 weeks later, receive your confidential test results, an explanation of what the numbers mean, and information on how to handle any problems that are present.

Where: Board Room on the First Floor
Loudoun County Government Center
1 Harrison Street, SE, Leesburg, VA 20175

Cost: \$55 (includes sample analysis cost to test for selected chemical and bacteriological constituents)

Register: VCE Loudoun Office (*Registration Form on page 2*)
703-777-0373: Sue Naille, snaille@vt.edu
Only Prepayment will reserve a Testing Kit, space is limited!

2018 LOUDOUN COUNTY DRINKING WATER CLINIC

Virginia Cooperative Extension Provides Affordable Water Testing and Interpretation for Wells and Springs of Households in Loudoun County and the surrounding counties

Summary

The Virginia Household Water Quality Program provides practical information to homeowners about maintaining and protecting private water systems such as wells, spring and cisterns. In the U.S. regular testing and treatment of public water supplies is required, but private water system owners must take care of this themselves. Drinking water clinics are offered through local Extension offices providing affordable water testing, interpretation of test results and information about maintenance of private water systems and dealing with water problems.

What does the water test include?

Iron	Manganese	Sulfate	Hardness
Sodium	Copper	Nitrate	Arsenic
Fluoride	pH	Total Dissolved Solids	
Coliform bacteria	E. coli bacteria	Lead	

How much does it cost? **\$55.00** covers the cost of one test sampling kit.

Please register early! – Space is limited - **ONLY PREPAYMENT** WILL RESERVE A TESTING KIT

Any unreserved kits will be available on a first-come, first-served basis.

If you have any questions contact: Sue Naille at snaille@vt.edu or call 703-777-0373
