

*"Working together for clean water
and healthy streams"*

- Do you want to enjoy cool meandering streams with wide forested buffers in Loudoun County?
- Do you expect our streams to have clean water safe for kids to play?
- Are you interested in helping to make this happen?

Discover Loudoun Watershed Watch (LWW)

*LWW is a consortium of concerned
citizen groups, nonprofits, and
government partners.*

Agenda – protecting the quality and health of Loudoun County streams

Coordination – providing a countywide network of action-oriented citizens to develop unified programs and solutions

Technical Expertise – members include professionals to help address local problems and countywide concerns

Check us out at:

www.loudounwatershedwatch.org

**Funding provided by Canaan Valley
Institute**

How You Can Help!

Environmental Stewardship – Start or join a local watershed group to protect your local stream.

Stream Monitoring – Start or join a stream monitoring team to assess stream health.

Stream Habitat Protection and Restoration – Participate in stream cleanup and stream restoration projects.

Environmental Education – Volunteer to help students and landowners learn to better protect our precious water resources.

Volunteer Coordinators:

Gem Bingol

540-955-9000/703-771-1645(h)

Darrell Schwalm

703-430-4180
